Weather Bureau Change.

Owing to the detailing of Dr. C. P. Cronk, of the Cape Henry Signal Sta- tion, to duty as superintendent of the repairs to the coast signal telegraph from Cape Henry to Hatteras, Mr. Steuart, of the Weather Bureau, has been temporarily transferred to Cape Henry station and his place filled by Mr. J. W. Cronk, brother of Dr. Cronk, and lately of Jupiter, Florida. Weather Bureau Station, Mr. Cronk arrived here Tuesday afternoon.

Seeing with our Feelings.

An eminent physician makes the ap- parently startling statement that we see with our feelings. There is more truth in this than the thoughtless will perceive. For instance, take a man or a woman with a weak stomach, which has not the power of giving to the blood the nourishment it requires. The system is filled with poison- ous bile. Poor blood coursing through the brain poisons and weakens it, and the sufferer is utterly incapable of enjoying the most magnificent landscape, beauty of any sort, or even a hearty meal. Most of the suffering comes from this source. The reason the bilious and the dyspeptic who takes Hostetter's Stomach Bitters finds life brighter and pleasanter is be- cause it cleanses the system thoroughly, strengthens the stomach and sets a stream of pure blood racing vigorously through the body. In justice to yourself, get a bottle of Hostetter's Stomach Bitters. Revenue Stamp covers the top of the bottle.

THE DIVORCE MILL.

BIDS FAIR TO HAVE CONSIDER- ABLE GRINDING TO DO.

The divorce mill bids fair to have considerable grinding next month. In addition to several divorce suits previously filed, Attorney P. J. Morris had a batch of five entered yesterday afternoon in the Court of Law and Chan- cery. He expects to file others at an early date.

Walter A. Ticefeldt asks for legal separation from his wife, Mrs. Leo Ticefeldt, whom he alleges deserted him after living with him for about two years. They were married in Philadelphia, N. Y., in 1893. Ticefeldt is a photographer in Norfolk.

Mrs. Emma Mullin asks for a di- vorce from Robert Bartlett Mullin, whom she alleges deserted her and gave his affections to another woman. The couple have been married but little more than a year. It is said that Mullin is now in Brooklyn, N. Y.

Mrs. Sarah P. Brinkley sues Drew L. Brinkley for divorce on the ground of desertion. The couple were married in this city July 25th, 1893. Mrs. Brinkley was Miss Halstead before her marriage, being a daughter of Rev. Samuel Halstead.

Mrs. Annie Monroe vs. T. H. Mon- roe, divorce for desertion. The couple were married in Cambridge, Md., August 1st, 1897. Monroe is now in Newport News.

Mrs. Sarah E. Boyd asks for a di- vorce from her husband, W. C. Boyd, on the ground of desertion. They were married on Christmas eve, in this city, in 1894.

MARINE INTELLIGENCE.

LIGHTSHIP 69—CHANGE OF MAS- TERS—THE NEUSE.

Yesterday's Baltimore Sun says: "The lightship tender Holly, Captain Donnell, arrived yesterday from Hatteras with the majority of the crew of Diamond Shoal Lightship 69, ashore in Hatteras Cove. Captain Bowling, Chief Engineer Baker, a sailor and a fireman remained by No. 69, upon which the Merritt Wrecking Company is working to float her. The crew brought by the Holly were transferred to No. 71, now being repaired by William E. Woodall & Co. She is being hastened to completion."

TRANSFER OF MASTERS.

Yesterday's Baltimore Sun says: "The transfer of Captain Bennett from the Chesapeake Bay Life steamer Charlotte to the superintendency of the Augusta, now building at Philadelphia, makes the following changes: Capt. Murphy, from the Baltimore to the Charlotte; Capt. East, from the Danville to the Baltimore; and Capt. J. J. Short, of the Danville, has been promoted to master of that steamer. Capt. William Stark, of the Atlanta, makes the list of com- manding officers complete."

THE STRANDED NEUSE.

A special in yesterday Washington Post from Raleigh, N. C., under date of yesterday says: "The master of the Wrecking Company expects to get the steamer Neuse afloat by Saturday. The steamer was blown ashore by the Au- gust hurricane, at the mouth of Pamlico river. A ditch 400 yards long has been dredged and an excavation made alongside the steamer, into which jack screws are to lift the vessel."

NORFOLK AT PARIS.

DISPLAY OF ADVERTISING MAT- TER AT EXPOSITION.

Secretary E. E. Dawes, of the Board of Trade and Business Men's Associa- tion, yesterday received a letter from Augustus Rogers, Director of Education and Social Economy of United States Commission to the Paris Exposition of 1900.

Mr. Rogers invites the co-operation of business men in this section by plac- ing with the commission books and mounted photographs descriptive and illustrative of the typical indus- tries of that section. Mr. Dawes will, in reply, furnish the commission vari- ous pamphlets with matter and figures descriptive of this section and the character and volume of its business. He will also gladly receive and for- ward matter of the character desired, that is handed him for this purpose.

Pitcher Pond's Narrow Escape.

Dr. E. Arlington Pond, the once fa- mous pitcher of the Baltimore baseball team, has written an interesting letter from the Philippines to his friend, C. E. Gambrill, of this city. The great twirler is now acting assistant surgeon of the Fourth Infantry, with rank of first lieutenant. He recounts several thrilling experiences, but his many friends here are delighted to know that so far he has sustained no injury. Coupled with this good news, the in- formation that Heinrich's Maerzen, Sen- ate and Lager can be obtained at first class restaurants and by the case by 'phoning 428 will delight those who know what real good beer is. sec-11

THE PUBLIC SCHOOLS

Three Thousand, Six Hundred and Thirty-one Pupils Yesterday.

The Total Enrollment Will Probably Exceed Four Thousand—Large In- crease Over Last Year—More Room For Scholars Needed.

The enrollment in the schools yester- day was 3,631, an increase of nearly two hundred over last year's enroll- ment. Superintendent Doble fully ex- pects that the total enrollment will exceed 4,000, and it is very probable that the Bank street building, which it has been intended to shut down with the opening of the three new schools, will have to be opened and more teachers employed. The fact that there will be an increase of at least 700 pupils over last year speaks well for the growth of the public schools of Norfolk and demonstrates the wisdom of the erec- tion of the Holt, Boush and Charlotte street buildings.

Under the new plan both boys and girls attend the Holt street school. The enrollment at that school yesterday was triple that of last year. The new Char- lotte street school is for boys and the Boush street for girls.

THE ENROLLMENT IN DETAIL.

Yesterday's enrollment by schools was as follows:

FIRST DAY'S ENROLLMENT.

Atlantic City	270
Boush street	284
Charlotte street	385
Holt street	687
Fourth Ward	237
Brambleton No. 1	473
Brambleton No. 2	397
High School	225
Cumberland street (colored)	628
Atlantic City (colored)	69
Total	3,631

THE SCHOOL POPULATION.

Several hundred pupils are yet to en- ter. The number at the Holt street building is so large that it will be nec- essary to hold half day sessions in the primary grades. It is believed that when all pupils are entered, the number of whites will be about 3,400, which, considering the several hundred in the private schools, is an indication that the youthful white population is be- ing pretty generally educated. The per- centage of colored children in the schools is not near so large as in the whites, but it must be taken into con- sideration that the Norfolk Mission College on Princess Anne avenue is educating about 600 of the colored youths of Norfolk.

It is believed that the school popu- lation of Norfolk is between 12,000 and 14,000, and that the next school census, to be taken next year, will give the city a big increase in State school funds, and that within the next few years the public schools of Norfolk will move a long way forward. One in- dication of continued growth was the re- cent appropriation of \$20,000 by Bram- bleton Ward for a new school building, and a new High School is believed to be within the possibilities of the next year or so.

Superintendent Doble and the various rectors have been over the curricula of the schools and in revising them have added many improvements.

NORFOLK MEN ON THE JUDGES BOAT AND A GUARD BOAT.

When the great international yacht race between the Columbia and Sham- rock is in progress a number of Nor- folk men will participate.

L. Luckenbach will be used as the judges' boat and the tug L. Lucken- bach as one of the guard boats. These two tugs are about half manned by Norfolk seamen. The well known Nor- folk men who are officers of the L. Luckenbach are: Captain H. H. Wil- lamson; Chief Engineer, F. L. White; First Assistant Engineer, Luke Snow. It is considerable probable that these tugs will also participate in the Dewey reception.

Married at Elizabeth City.

Mr. C. L. MacDonald, proprietor of the Virginia Cafe, this city, and Miss Annie B. Everton, who resided with her aunt, Mrs. H. L. Addison, on Park avenue, Brambleton Ward, are now man and wife. A few days ago the young lady left Norfolk to visit her mother and other relatives in North Carolina, and was followed by Mr. MacDonald. The young couple met at Elizabeth City on the 12th instant, and were united in marriage by Justice Culpepper. The groom went on to Cleveland, O., his former home, leav- ing his bride to complete her visit in North Carolina. They had planned to keep the marriage secret till January 1, 1900, and then surprise their friends with the announcement.
